Community Based Instruction

(CBI)

Inclusive Philosophy

The Wayne Township Board of Education and Department of Student Support Services is committed to a philosophy of inclusion. Inclusion is not a program, but rather a world view that “everyone belongs.”

Inclusive Philosophy

In support of the district's commitment to this inclusive philosophy, the Department of Student Support Services has endeavored to expand and refine Transition services for our secondary students, beginning in middle school and continuing through high school or age 21, as appropriate.

Transition Services

Wayne Township Public Schools' Secondary Teacher Coordinator, Mrs. Jennifer Varano, has been instrumental in redesigning our transition program to maximize community-based resources for Community Based Instruction (CBI) to address student transition needs, as appropriate, beginning at age 14 as required by IEP.

Transition Services

Wayne's transition program has an excellent reputation and the Department regularly receive requests to accept tuition students from other districts.

I would like to introduce Mrs. Jennifer Varano, our Secondary Teacher Coordinator.

What is CBI?

- CBI is sustained and repeated instruction that takes place in the community rather than in the school building.
  - CBI is not a FIELD TRIP!
  - CBI is research-based practice.
