

**WAYNE HILLS HIGH SCHOOL**  
**Oval Beautification Project**  
**PHASE 3**

Fall, 2009

Dear Parents/Guardians,

Phase 1 and 2 of the oval project are now complete with the installation of Windsor recycled plastic outdoor furniture including benches, picnic tables, and litter receptacles and recycling receptacles. These items were purchased from donations received from parents, students, staff and alumni. In April, 2008, a new walkway from engraved pavers was installed on the front oval. The installation of the additional benches, garbage receptacles, and recycling receptacles were completed in late June, 2009. With the help and donations of parents, students, and staff, we look forward to Phase 3 of the project with the installation of landscaping, solar lighting, and flag pole lighting.

If you are able to volunteer or donate any of the services or supplies listed below, it would be greatly appreciated. Please complete the appropriate sections below.

**ENGRAVED BRICK FUNDRAISER**

Fall 2009

Dear Parents/Guardians,

The Beautification Oval Committee is delighted with the completion of Phase 1 and 2 of the oval project and now look forward to Phase 3 of the project. Phase 2 included the installation of an engraved brick walkway, the purchase and installation of recycled benches, garbage receptacles and recycling recepticals. Phase 3 will include the installation of solar lighting and landscaping.

In order to continue to raise funds for this project, the WHHS Beautification Oval Committee will continue to offer engraved bricks for purchase to the Wayne Hills community. Thus far, the funds raised from the sale of engraved bricks along with many donations have enabled us to reach our goals for Phase 1 and 2.

We thank the Wayne Hills community for its support and contributions to this project.
