During the Public Comments portion of the meeting, the moderator (host), or Board President, will ask the public to “virtually” raise their hand if they would like to be recognized for comment. There is a function in our virtual software platform that will allow you to raise a virtual hand to indicate that you would like to speak. If a member of the public would like to participate in the public portion of the meeting they may virtually raise their hand by using the tool at the bottom of the screen or, if they are participating by phone, by pressing *9. The moderator (host) will acknowledge the person wishing to speak, unmute them and grant them the floor.
