Dear Parents and Guardians,

Beginning **Tuesday, January 11, 2022**, the free, voluntary, on-site testing center, operated by our state approved vendor, Concentric by Ginkgo, will be available to District students two days per week.

**Tuesdays 2:30 PM - 5 PM;
and Wednesdays 2:30 PM - 5 PM**

- The testing site (*located in the Environmental Center, behind 50 Nellis Drive*) will be available to all students *only* when accompanied by a parent.
- No appointments are necessary, but parents are required to set up an account and complete the questionnaire before testing will be available.
- If you would like your child to use the on-site testing center, you will need to set up an account and provide consent for your child to be tested, with Concentric by Ginkgo (our testing vendor), by signing in here: [Set up a Student Profile](#).

Please use the access code that is applicable to your child (see chart below). Please note that if you will be requesting testing for more than one child, you will need to complete the account and consent process for each.

AN IMPORTANT NOTE ABOUT TESTING RESULTS WITH CONCENTRIC BY GINKGO:

Concentric by Ginkgo **does NOT provide notification for negative results.**

- If your child is **POSITIVE**, you will receive a phone call within 72 hours.
- If no call is received within 72 hours, then your student has tested negative.

If you are seeking a written test result, that is not currently possible with this testing program and you may want to seek other options for COVID testing.

Concentric by Ginkgo offers a saliva-based PCR test that your student will be able to self-collect. [Here is a link](#) to visual instructions on what this process will entail.
