Cooking your Creations

Our classes are fun, safe, and teach kids how to make quick and easy meals. We will encompass math skills through measuring, counting, fractions and sequencing. Reading skills are sharpened as they read recipes and increase their vocabulary. Our young chefs will make new friends, improve their social skills through teamwork, sharing, and responsibility. Cooking is a universal skill that offers a unique opportunity to explore many life lessons.

YOGA for Kids

Teaching yoga to children provides kids with a variety of tools that they can take away from yoga and use throughout their lives. Through basic and challenging yoga poses, partner poses, group poses, yoga games, mindfulness activities, and music, we will be able to develop strength, flexibility, coordination, and body awareness. Additionally, we will incorporate breathing and visualization techniques that will teach focus, relaxation, and self-control. The ultimate goal of a Children's Yoga Program is to promote inner strength, confidence and self-esteem; a feeling of inner peace and respect for others.
